

Inspiring Our Youth

Anti –Bullying Workshop Series

- The Anti-bullying program "Inspiring Our Youth" includes a series of workshops that address both prevention and intervention.
- These workshops have been developed around the popular school presentation entitled Walk Away & Be Ok®.
- Walk Away & Be Ok® was originally created to shed light on the effects of bullying.
- Facilitated by Lakota & Annie Brass, this one day presentation is based on their true life experiences.
- Lakota's story addresses the sensitive issue of a child who became suicidal as a result of being bullied and how he persevered.
